

## Occupational Health Assessments

### Employee Orientated Health and Wellbeing Services

To comply with Health & Safety regulations businesses are faced with demands to consider a wide variety of Occupational Health assessments. We can support you in this area and offer:

- ◇ Computer Workplace Assessments (DSE).
- ◇ Manual Handling Assessments.
- ◇ Ergonomic Assessments.
- ◇ Assessments of Workplaces for Pregnant Employees.
- ◇ Assessments of Workplaces for Employees with Health Problems.

We perform detailed risk analysis and thorough reporting following on-site visits and interviews. Our assessments are carried out by Occupational Chartered Physiotherapists and Ergonomic Consultants experienced in their field.

### Management Orientated Services and Consultancy

Managing Health and Safety can be challenging. Through our consultancy and advisory service Premier Physical Healthcare offers:

- ◇ Impartial assessments of your Occupational Health needs.
- ◇ Evaluation of prevention and health promotion programmes.
- ◇ Evaluation of training and education relevant to your workplace.
- ◇ Risk assessment of workstations and their design.
